DUTCH HYACINTHS

Hyacinths are favorites with most flower lovers and provide one of the easiest and surest ways to a fine early spring display.

We list the two most popular sizes and the larger bulbs produce a fuller flower spike with more florets. The varieties we offer are the leaders in their respective colors.

City of Haarlem. Bright golden yellow. Makes a large spike. Considered the finest of the yellows.

Gertrude. Rosy pink, compact spike. A favorite with florists.

Grand Maitre. Fine deep porcelain blue. Large well-formed spike on a strong stem. Most popular blue variety.

King of the Blues. Deep glossy blue. Well-formed large spike on shorter stem. Late forcer.

Lady Derby. Two-toned light pink with large bells on a heavy truss. Early.

La Victoire. Brilliant carmine-red.

L'Innocence. Pure white with a large loose spike of elegant form. The most popular of all white varieties.

Marconi. Deep rosy pink. A very fine variety.

Pink Pearl. Rose pink. Large spike. The finest early pink.

Queen of the Blues. Light blue with silvery shadings. Makes a large spike. Very good for all purposes.

Queen of the Pinks. Beautiful deep rosy pink. Large spike of fine bells. Late forcer.

FOR CHRISTMAS FLOWERING

LYCORIS SQUAMIGERA

LYCORIS AUREA

AMARYLLIS – American Hybrids

Amaryllis are one of our specialties and we grow a large stock here on our own farms. These northern-grown bulbs are firmer and heavier than the southern stocks and hold up much better when exposed for counter sales.

For house culture, the ease with which they can be flowered makes them the outstanding subject for this purpose, and they also make a beautiful pot plant for florist use. The colors are mixed and range from pure white through the various pink shades to deep red.

AMARYLLIS – Royal Dutch Strain

These Royal Dutch Amaryllis are the largest and finest in the world. The trumpet-shaped flowers of the older types has been changed to a much flatter surface which adds to the size and appearance. The colors are brighter and more solid. They are easily grown in greenhouse or home and with no other subject is so much beauty produced in such a short time. The usual flowering period is late February or early March. The bulbs are ready for shipment in November and are available in the following colors:

SCARLET, BRIGHT RED, SALMON PINK, DEEP ROSE, WHITE, AND LIGHT ROSE.

Price for large bulbs: Each, \$2.00 3 for \$5.50

AMARYLLIS for Christmas Flowers

These bulbs are specially prepared for Christmas flowering. They will be shipped in late October and should be planted immediately upon receipt. Please specify Christmas Amaryllis when you order.

Per Doz., \$3.00 Per 100, \$20.00

LYCORIS – Hardy Amaryllis

We continue to receive very gratifying response to our offer of these bulbs and we are now sure that our very low and attractive price is enabling our customers to use these bulbs in quantity and to promote them to a popularity they richly deserve. For this season our large supply (by far the largest in this country) allows us to repeat our remarkable offer.

SQUAMIGERA (Amaryllis Halli). The bulb produces its foliage in spring, which is followed by a tall pinkish spike of beautiful flowers in midsummer. It is perfectly hardy and a splendid permanent subject for summer flowering in northern gardens.

CALLA LILIES

Callas are now such an important crop that they should be grown by every florist who has a retail outlet. Aethiopica is ready in September and should be planted as early as possible for best results. Elliottiana, Alba Maculata and Rehmani are available as noted below and can be planted indoors then or through to the early spring months—depending upon when flowers are wanted. These latter three varieties are now widely used for outdoor Summer flowering and for this purpose should not be planted until danger of frost is over in Spring.

YELLOW CALLAS IN THE GARDEN

LILY-OF-THE-VALLEY — Ready in November

Lily-of-the-Valley is an extremely important item for those who retail bulbs and plants. The quickness and ease with which they can be so beautifully flowered in the home makes them very popular for this purpose and creates a continued demand throughout the whole season. They are so satisfactory to the consumer that they build good-will and a demand for other items. We have them packed in the small units as listed below and we advise frequent, small purchases at regular intervals. Store keepers can place them in refrigerators and keep them in perfect condition.
